Send 3 x 1st class stamps to receive our latest Spares List

Due to continuing damage, loss and customs problems, we no longer accept international orders

With the 'ongoing' Brexit negotiations, we are already aware that import tariffs and customs declarations will be imposed on our orders from our German supplies. As a result, prices for most of our specific parts we order from Germany will have to be increased and may not be shown in our latest Spares Lists

Keeping enough stock is tricky, we don't have much storage space. and keeping every item in stock means we sometimes run out. Inevitably this does happen. Our suppliers are very efficient and from our order to delivery to us normally takes 3 - 4 weeks.

Quote from the late and great Kenny Everett's biography:-

"He stuck the telegram to the handlebars of his NSU Quickly (49cc of throbbing power, top speed 25mph.) so that he could read and re-read it on the way to work"

See our new updated web site now with 'downloadable' spares list available by Word or PDF
